

HOLIDAY IDEAS

**SUMMER
19/20**

We wish the Fremantle College Community a safe summer break filled with laughter, loved ones and excitement. We have hunted high and low to bring you a range of different ideas to make your holiday even more enjoyable.

From Ms Separovich's Year Seven English Class

ARTS & CRAFTS

Feeling creative these holidays? Check out the courses and exhibitions on at the Freo Arts Centre over the school holidays at:

<https://www.fac.org.au/courses/kids/>

Or, draw animals with markers, watercolours, paints and graphite. Create woolly 3D animals, sew blankets with tassels, make cute little badges and shape your name with wire. Get the details at inklingarts.com.au and book your \$55 ticket.

LEISURE & COMMUNITY

This hot summer splash around or chillax with some of these cool leisure events. On the 20th December, play some Mario Kart 8 Deluxe at the Fremantle library or ride down a water slide at Cockburn ARC. Cool down with plenty of things to do at adventure world with a ticket for \$30. SAVE \$30.

Check the Cockburn Outrage program for more info. Like photography? Learn how to take epic pics at the Melville library on the 9th and 23rd of January, FREE! Join PHAZE who are legally graffitiing skate parks- on the 22nd December and January 19th. Visit PHAZE Urban Art Painting Program City of Melville for the registration form.

COASTAL FUN

There is nothing better to do on the summer holidays than snorkel! There are many locations that are right here in Perth such as the Coogee snorkel trail, Woodman Point jetty or the Omeo wreck. But if you're not a fan of the water you can still have fun with your friends at the beach volleyball courts located right on the shore of City Beach.

SPORT

At 6.30pm on Friday 17th January, the Perth Wildcats are taking on the South East Melbourne Phoenix at Perth Arena. To purchase tickets, visit www.ticketek.com.au.

Or, if you prefer soccer, on Tuesday the 31st of December, Perth Glory are taking on the Central Coast Mariners. Kick-off is at 2:30pm. For more information visit www.sporticos.com.

SNAG A BARGAIN

Strawberry picking in Bullsbrook is a fun, easy and delicious activity to do with your friends and family. A large box is only \$10 and you can go to this strawberry farm from September to December. If strawberry picking isn't for you, try the Melville markets on Canning Hwy. The markets are open from 6-10am on Sunday. Here you can buy awesome items for low prices.

FESTIVALS AND FAIRS

Come on down to the Yagan Festival for a great time. The Yagan Festival has plenty of games, food and rides appropriate for the whole family, from the 18th - 31st December (excluding Christmas Day) at Yagan Square. Book online to get access to all rides for \$39. For more information visit www.yagansquarefunfair.com.au

HOMEBOUND

Let's face it, the festive season can be stressful. That's why everyone needs a break. Pamper yourself. Relax with a cold beverage, some Christmas movies and a cleansing face mask, or unwind whilst baking and karaokeing to songs you won't admit are your favourite.

PARKS & REC

The regional playground, on the banks of Bibra Lake in Cockburn, includes water play, barbecues, an adventure playground and beautiful shady trees. For a skate park and ferris wheel with views of Fremantle, head to the Esplanade Park, directly adjacent to the fishing boat harbour. We also love Kadidjiny Park in Melville and Faulkner Volcano Playground in Belmont.

VOLUNTEERING & EDUCATION

To help out those with mental health conditions, people of all ages can volunteer for ARAFMI Perth. For more info visit, Armadale Community Family Centre | Western Australian youth services.

ON THE ROAD

Albany is 4-5 hours from Perth at the southern tip of Western Australia. It's known for its amazing beaches, including Torndirrup National, Park Two Peoples Bay Nature Reserve, Greens Pool and Cosy Corner. Lesmurdie falls is 40-60 minutes away from Perth. Lesmurdie Falls located in the Mundy Regional Park in the hills east of Perth, is one of the more spectacular waterfalls on the Darling Range escarpment. You can go hiking on the walking trails and have a barbeque.
