

FREMANTLE COLLEGE  
CONTRIBUTIONS AND  
CHARGES INFORMATION  
BOOKLET 2023

All students of Fremantle College receive a quality education based on the WA Curriculum.

One of the most important ways that parents and carers can support our college to provide the excellent educational opportunities for students is through timely payment of your financial contributions. The following information is provided to make the Contributions and Charges structure clear for parents and caregivers.

## General Information

In **Years 7 and 8** students are provided with a set timetable including compulsory subjects with a broad range of courses in The Arts (Music/Visual Art), Technologies (Design and Technology/Home Economics/Digital Technologies) and Languages (Year 7). **Students in Specialist Programs require an individualised timetable.**

In **Years 9 and 10** students complete English, Mathematics, Science, Humanities and Social Science, and Health and Physical Education, and their choice of elective subjects. Students may choose low-cost electives that fit within the voluntary contribution, however, can also choose subjects that attract a compulsory charge. **Students in Specialist Programs require an individualised timetable.**

In **Years 11 and 12** students can select from a range of courses, all of which attract a compulsory charge as per Department of Education policy. The charges incurred depend upon the courses chosen. Some specific courses will incur higher costs dependent upon such items as textbooks, subject specific resources, materials, excursions, certificates, and work placement. **Courses require payment of 50% payable by 15 December 2022 to ensure placement with the remaining amount due by 6 April 2023. (unless a payment plan is arranged).** Students involved in work placement must pay the associated fees prior to commencement of the work placement.

### Specialist Programs

The Specialist Programs of Marine Studies, ICT and Contemporary Music, and the AFL Academy are offered at Fremantle College and incur compulsory charges over and above the voluntary contributions. These charges cover resources and activities that are a requirement of the course.

**If you accept a place in our Specialist programs, you are also accepting the appropriate charge and must pay 50% payable by 15 December 2022 to ensure placement with the remaining amount due by 6 April 2023. (unless a payment plan is arranged).**

### Specialist Programs Uniform Requirements:

Specialist Contemporary Music students require a Fremantle College, black music performance polo shirt, available through Uniform Concepts – anticipated cost of \$30.00.

Specialist Marine Studies students require a Rash shirt which can be ordered through the college – anticipated cost of \$35.00. Staff will arrange fittings and orders.

AFL Academy students require a playing/training jersey, shorts, socks – anticipated cost of \$100.00. Staff can arrange fittings and orders

### ASD Program:

Students attending the ASD program as an alternative to an elective in Years 7 to 10 will be asked to pay a \$20.00 voluntary contribution.

## Voluntary Contributions and Charges

**Voluntary Contributions** cover the basic course costs in Years 7 to 10. The payment of this \$235.00 amount assists the college to provide a higher standard of educational resources for your child including the provision of modern texts and equipment for students. Fremantle College urges you to pay this portion to enable the college to provide your child with the education we believe they deserve.

**Compulsory Charges** cover the cost of Specialist programs that students may be accepted into in Years 7 to 10, and the electives that a student may choose in Years 9 and 10. Courses outside the core educational programs incur charges above the voluntary contribution. All charges are compulsory if you choose for your child to undertake these programs or electives. Course charges for optional courses are required to be paid at the start of the college year. All courses in Years 11 and 12 incur a compulsory charge.

**Subject changes** made during the year may result in adjusted charges. Parents will be notified once the account has been adjusted.

**School Library / Smart Rider Card** Smart Rider cards will be issued to all new students for a \$5.00 charge. The Smart Rider card also doubles as a School Library card. The Library card will enable students to borrow books through the Library and use the photocopiers. If the card is lost or misplaced, a new card can be issued at the cost of **\$5.00** per card. All cards will include a photo for identification purposes.

**Years 7 to 12 Education Perfect** There will be a \$40.00 charge per student.

Lower school - a portion of the cost of this application for students will be used in Maths, English, Science and HASS. Upper school - subject pricing includes all courses within that subject, e.g. Science includes Chemistry, Physics, Biology, Human Biology & Psychology.

**Year 12 Presentation Evening** This event attracts a charge of \$70.00 per student to cover the cost of gown hire, sash and associated costs for the student. Guests can purchase tickets closer to the event.
